### HELPING IMPOVERISHED FAMILIES - UKRAINE

Dasha was hit by a car along with her grandmother at a pedestrian crossing. The grandmother died on the spot, and Dasha received serious injuries to her legs and pelvis, the doctors themselves did not believe that the pelvis could be fixed. IMOCE negotiated with the leading orthopedic doctors of the region, and after several months of difficult operations she is finally home, though there is still a long recovery ahead. Thanks to GMA we were able to provide her with a walker and a wheelchair to assist her in her recovery! Because of your support we are able to help many people like Dasha.

**Gateway Medical Alliance through strategic partnerships, serves as a catalyst to improve the lives of the poor and disadvantaged by sharing healthcare resources worldwide.**
